

IQ3 Pro and IQT - Six Week Lead Time Campaign

1. The Campaign

- 1.1. Rotork aims to manufacture orders for its standard IQ3 Pro and/or IQT model products (“**Products**”) within a six-week period from date of order Acknowledgement (“**Campaign**”).
- 1.2. This Campaign applies to relevant orders placed on or after the date of Campaign launch, being 1st August 2024 until Rotork withdraws the Campaign (“**Campaign Period**”).
- 1.3. Customers should note their wish to take advantage of the Campaign when requesting a quotation from Rotork for Product(s).

2. Applicable Terms

- 2.1. The supply of Products is subject to Rotork’s standard terms and conditions of supply which are available here: [Rotork: Sale of Goods \(and associated services\) by the Rotork Group](#) (“**GCS**”). Customers should read the GCS to understand how they apply to Product orders.
- 2.2. Capitalised terms set out in this document, if not defined in this document, shall have the meanings set out in the GCS.

3. Delivery

The Campaign relates to the target timeframe for the manufacture and readiness for despatch or collection (as applicable) of the Products. The Scheduled Delivery Date(s) for Products shall be calculated by reference to the Campaign lead time. Where the Customer requires that all products in an order (consisting of both Products and products not covered by the Campaign) are to be available for delivery or collection on the same date, the Campaign lead time will not apply to the entire order.

4. Exclusions from the Campaign

- 4.1. The Campaign applies solely to the Products listed above and does not apply to any other product offering or bespoke configuration of Rotork products, even if supplied under the same order.
- 4.2. The ability to meet target Campaign dates is dependent on reasonable Product volume orders being requested by the Customer. Where higher volumes are requested by the Customer, Rotork will discuss the order request with the Customer to agree suitable timelines. Reasonableness of volume shall be determined at Rotork’s discretion.
- 4.3. This Campaign is independent to and operates to the exclusion of any other campaigns or offers which may be available from Rotork relating to the Products or other products and services.

5. Changes or withdrawals to the Campaign

Rotork may withdraw or amend the terms of this Campaign at any time, but this will not affect orders accepted and Acknowledged prior to the date of Campaign withdrawal/amendment.
