MARKET OUTLOOK & GROWTH ACCELERATION PROGRAMME UPDATE

PRESENTED BY
KEVIN HOSTETLER
CHIEF EXECUTIVE

MARKET ENVIRONMENT

- Oil prices volatile but above incentive levels
- Forecasts for Oil & Gas capex tempered to low to mid-single digit
- Upstream – return of subsea and Middle East wellhead expansion
- Midstream – LNG and US pipelines
- Downstream – refinery and petrochemical expansion in Asia
- Water – steady growth
- Growth resumed in America, strong in Asia, declines in Continental Europe
- Power – in structural decline but H1 2019 fall unlikely to repeat
- Industrial process sector slowing
 - China and US growth moderating

H1 2019 Revenue Split

(2018 Comparative)

FOUR PILLAR GROWTH ACCELERATION PROGRAMME

GROWTH ACCELERATION PROGRAMME

1 Commercial Excellence

Market re-alignment & Value Selling

- Transition from product to market segment orientation in North Asia successfully completed in Q2
- South Asia, Europe and Middle East has been initiated
- Optimisation of Rotork's order fulfilment process is underway to streamline the quoting, sales and back office processes
- Rotork Value Selling Toolkit has launched with >125 sales team members trained in H1 - targeting over 275 by year end

Rotork Site Services (RSS)

- Implemented streamlined organisation structure to allow further scale in Service capabilities
- Centralised customer support functions to maximise effectiveness in supporting Rotork end-users around the globe
- Developed strategy to accelerate aftermarket and lifetime management offerings
- Continued growth in targeted regions

GROWTH ACCELERATION PROGRAMME

1 Commercial Excellence (cont.)

Innovation and New Product Development

- Established focused Engineering leadership team
- Engineering capabilities mapped with development plans
- Commenced key technology development activities
- Continued focus on energy efficiency, reduced emissions, increasing operating efficiencies, and advanced and secure communications protocols
- **Seven products launched in H1-2019**

Key H2 2019 actions

- Launch eight additional new products
- Deployment of emerging technologies into existing platforms
- Drive optimisation across platforms in support of supply chain savings
- Completion of automated design tools to drive NPD efficiencies and standardisation of solutions

SAMPLE H1 2019 LAUNCHES

Pakscan™
Rotork Master Station
High speed multi-standard control system for Rotork and 3rd Party products

CK Atronik
Electric actuator with onboard controls for the water market

S4SR
Intelligent electro-hydraulic fail safe actuator for safety critical shut down systems

SAMPLE H2 2019 LAUNCHES

IQT-61
Ultra-low temperature intelligent 1/4 turn electric actuator

IW LLA
1/4 turn gearbox range. Improved efficiency, higher output torques optimised for Rotork IQ

YT Positioner Range
New range of smart pneumatic positioners for industrial control valve market. Enhanced diagnostics and communications

GROWTH ACCELERATION PROGRAMME

2 Operational Excellence

Operational Improvements & Supply Chain

- Our lean/continuous improvement methodology has been successfully rolled-out to our largest factories
- Strong progress on our ESG agenda
- 28 Rapid Improvement Events (RIEs) in H1 yielding £0.6m in FY savings
- Supply chain initiative on course to achieve £5m of savings in 2019
- Inventory reduction programme off to an encouraging start – >7% reduction (£7m) from Dec. 2018, £14m reduction from H1/18

Key H2 2019 actions

- Roll-out 'Rotork lean/CI' to 10 subsidiary offices
- Continue our footprint optimisation execution
- Procurement savings - secure "Wave 2" and commence "Wave 3"
- Build on the momentum of our inventory reduction programme – targeting > 10% reduction in 2019

Footprint rationalisation

GROWTH ACCELERATION PROGRAMME

3 Talent & Culture

Global developments

- Nine new leaders hired including Asia lead, Investor Relations, Programme Management Office and Compliance
- Rotork's Purpose articulated in alignment with One Rotork Values and Behaviours Set crafted through staff involvement in 37 countries
- Progress made against gender diversity plans – PLC Board, Management Board and Senior Leaders levels are now at least 20% female staff
- New divisional structure announced as well as operating model changes across operations, engineering and group functions

Key H2 2019 actions

- Formalise rhythm of talent reviews, succession plans and development across our senior and middle management population
- Launch 'Leading Rotork' – management development programme
- Continue our strong progress against our diversity targets

FTSE4Good

rotork Keeping the World Flowing for Future Generations...

GROWTH ACCELERATION PROGRAMME

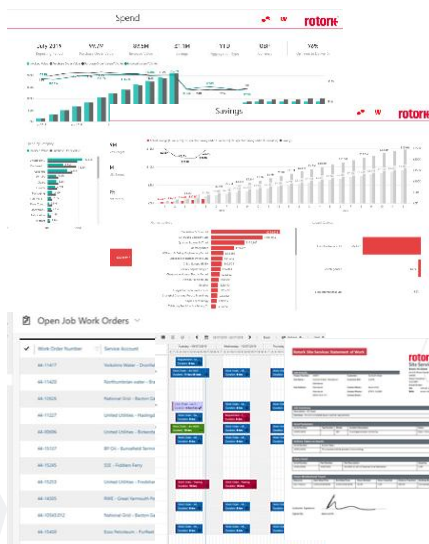

4 IT & Core Business Processes

IT / Systems

- Extended our Strategic Data Platform to deliver advanced analytics and KPI dashboards for Strategic Sourcing and Procurement and Innovation and NPD
- Completed 71 workshops to design the global blueprint for our enterprise technology platform, Microsoft Dynamics 365 (D365)
- Deployed D365 Field Service 'Lite' application to UK service centres, with North America deployments planned for Q4-19
- Designed D365 'Early Release' solutions for CRM and Global HR

Key H2 2019 actions

- Begin Global HR, CRM and ERP deployments to factories, sales offices and valve actuation centers
- Enhance asset visibility and service offerings by integrating operational data with our business systems and data lake
- Continue to strengthen our cybersecurity posture as we shift enterprise technology platforms to the cloud

SUMMARY

Pleased with execution and momentum across our Growth Acceleration Programme

- Transition to market orientation underway
- Seven new products launched in H1 and eight launches anticipated in H2
- Lean deployment gaining momentum
- Supply chain on track

New global purpose launched

Delivered strong margin improvement despite lower sales

OUTLOOK

- While macro uncertainty remains, with recent order intake and the momentum of our Growth Acceleration Programme we now expect flat sales on an OCC basis in 2019
- Full year margins to show clear progress on 2018
