

⚠ CAUTION: Before commissioning actuators fitted with the Reserve Power Pack (RPP), please ensure PUB094-019 is fully understood and additional safety instructions are followed where applicable.

Ensure the local control selector is set to LOCAL during the commissioning process.

CMA Range Quick Start Guide CML-1500 and CML-3000

These instructions enable the actuator to be configured to suit the valve and must be carried out before electrical start up. For complete instructions refer to PUB094-019.
