

Technical Data

Our lock link chain is heavier and stronger than other weldless chain of a given wire diameter. Links all face in the same direction, making it ideal for pipe suspension and operating overhead doors and steam valves.

Galvanized Chain

Material – Low carbon steel

Finish – Bright galvanized

Galvanized Chain				
Trade Wire No.	Wire Diameter (Inches)	Inside Dimensions		Working Load Limit (lbs)
		Length (Inches)	Width (Inches)	
#2	0.91	1.090	.325	155
1/0	.120	1.290	.425	265
4/0	.162	1.735	.510	485
5/0	.177	2.115	.565	580

Stainless Steel Chain

Material – 316 Stainless Steel

Stainless Steel Chain				
Trade Wire No.	Wire Diameter (Inches)	Inside Dimensions		Working Load Limit (lbs)
		Length (Inches)	Width (Inches)
